

Guideline

4/4

CLAP

Form N° 17 i

Version 4

Keyword notified body module

manufacturer

Directive refere Annex III

Adopted by WGP 29/06/2000

Adopted by CLAP 29/06/2000

Subject: Conformity assessment - Notified body in function of the modules

Question: If a manufacturer chooses to apply module B or B1 for the design phase, in combination with another module for the production phase, does the manufacturer have to choose the same notified body for the design and production modules ?

Answer: No.

As requested by modules B and B1 (Annex III, points 5 and 6 of the corresponding modules), the examination certificate shall annex a list of the relevant parts of the technical documentation and any other relevant information, which allow the requirements of the production modules to be applied.

The number to be affixed to the pressure equipment is the number of the body involved at the production control phase (Article 15).

Modifications compared to the previous adopted version : Copy of guideline 4/4 (29/06/00) and editorial correction on 2004-09-16.
